

The 2006 Combined Federal Campaign Overseas Kickoff

The 2006 Combined Federal Campaign-Overseas (CFC-O), part of the largest workplace giving campaign in the world, will run from 2 October through 1 December in the European Region. .

During the campaign, contributors may designate their donation to a variety of deserving U.S.-based charities through the CFC-O. In 2005, United States service members and Department of Defense civilians serving overseas raised over \$16 million for people in need in overseas military communities, our nation and our world.

“Each year we demonstrate our support to dozens of hard-working research, educational and charitable organizations through the Combined Federal Campaign. The CFC enables soldiers and civilians to help these organizations make an enormous – possibly lifesaving – difference in the lives of our fellow Americans and people around the Globe” said Mr. Russell Hall, IMA-EURO Director.

The CFC was created in the early 1960s in order to offer federal employees an efficient and effective way to give to their charity or charities of choice. The convenience of payroll deduction, the choice of over 1,900 participating charities and the confidence of a well run, regulated program all have contributed to the success of the CFC. In 2005 alone, over \$268.5 million was raised in over 300 campaigns to help people most in need. The CFC truly is the way to *Make a World of Difference*.
